

# Computational Biology Symposium

**Catalyzing Collaborative Scientific and  
Educational Advances in Computational Biomedicine**

Icahn  
School of  
Medicine at  
Mount  
Sinai

*Graduate School of  
Biomedical Sciences*

Stony Brook **University**

***Join us for this exciting symposium sponsored by  
the Graduate School of Biomedical Sciences at the  
Icahn School of Medicine at Mount Sinai and  
Stony Brook University.***

Hear from noted speakers about cutting-edge research  
in Computational Biology taking place on the two  
campuses. Topics will include:

- (1) Computational Structural Biology
- (2) Systems Biology
- (3) Genomics
- (4) Biomedical Informatics

**Wednesday  
October 11, 2017**

**Davis Auditorium**

**10AM - 4PM**

**Register Here:** <https://goo.gl/LiHScS>
