Stony Brook University

SUBJECT: *Thank a Teacher, 2023*
August 2023

Dear Gabor Balazsi,

In March, the Center for Excellence in Learning and Teaching put out a call to students and asked them if there was a special educator who made a difference in their learning experience. We received over 300 responses through an electronic survey. We are happy to inform you that one or more students identified you as one of those special educators who went above and beyond to encourage and support learners.

Congratulations! We are so grateful for all of your efforts on behalf of our students.

Please read on to see what your students had to say.

Best Wishes,

A handwritten signature in black ink, reading "Rose Tirota-Esposito".

Rose Tirota-Esposito, Ed.D.
Director, Center for Excellence in Learning and Teaching (CELT)
